The young inhabitants of 'the Wonderlees' had heard about humans in school from Isabelle the giraffe, but had never seen one in real life.

With open hearts and paws and wings, the islanders

embrace the young castaway
and set course for endless
new adventures. Peppy's
boundless enthusiasm and
misplaced self-confidence

quickly become a grain of sand in the finely
oiled machinery of 'the Wonderlees'.

Only Lulu the kitten, his faithful friend and
constant companion, can calm the waters
and always save the day!
